## **Methodology Used in Last Resort (Grayton Series Book 1)**

In terms of methodology, Last Resort (Grayton Series Book 1) employs a comprehensive approach to gather data and interpret the information. The authors use quantitative techniques, relying on interviews to gather data from a sample population. The methodology section is designed to provide transparency regarding the research process, ensuring that readers can replicate the steps taken to gather and interpret the data. This approach ensures that the results of the research are reliable and based on a sound scientific method. The paper also discusses the strengths and limitations of the methodology, offering critical insights on the effectiveness of the chosen approach in addressing the research questions. In addition, the methodology is framed to ensure that any future research in this area can build upon the current work.

## **Critique and Limitations of Last Resort (Grayton Series Book 1)**

While Last Resort (Grayton Series Book 1) provides important insights, it is not without its limitations. One of the primary challenges noted in the paper is the narrow focus of the research, which may affect the universality of the findings. Additionally, certain assumptions may have influenced the results, which the authors acknowledge and discuss within the context of their research. The paper also notes that further studies are needed to address these limitations and test the findings in broader settings. These critiques are valuable for understanding the framework of the research and can guide future work in the field. Despite these limitations, Last Resort (Grayton Series Book 1) remains a significant contribution to the area.
